CAREER OBJECTIVE

Aspiring backend engineer and AI specialist leveraging Python, Java, and advanced data structures to design scalable systems. Seeking opportunities to architect intelligent automation solutions that solve real-world problems at scale.

EDUCATION

B.Tech in Computer Science Engineering | RTC Institute Of Technology, India | Expected Graduation: 2027
Coursework: Data Structures & Algorithms | Operating Systems | Computer Networks | OOP | System Design Fundamentals

TECHNICAL SKILLS

Languages: Python | Java | C++ | **AI/ML:** NumPy | Pandas | Matplotlib | Scikit-learn
Tools: Git | GitHub | VS Code | Jupyter Notebook | IntelliJ IDEA | Linux
Core: Data Structures & Algorithms | OOP | System Design | Problem-Solving | Network Fundamentals

PROJECTS

Music Streaming Application | Java, JavaFX - Designed & built desktop music streaming prototype with intuitive JavaFX GUI enabling core player functionality - Implemented playlist management and dynamic song organization allowing users to create, modify, and persist playlists - Developed advanced search and discovery features with efficient filtering and sorting algorithms - Engineered file-based data storage architecture for local persistence

Data Structures Implementation Repository | Java - Engineered core data structures (stacks, queues, linked lists, trees, graphs) from scratch with optimized complexity - Solved 50+ algorithmic problems applying DSA principles to improve code efficiency and computational thinking - Curated well-documented GitHub repository with implementations and test cases for peer learning and interview prep

ACHIEVEMENTS

- GATE 2027 Candidate** - Demonstrating mastery of CS fundamentals through rigorous preparation and specialized coursework
- Technical Portfolio Builder** - Consistently solve advanced DSA problems and develop AI/ML mini-projects to strengthen engineering capabilities
- Continuous Learner** - Actively engage with emerging technologies and industry best practices in AI and backend systems

POSITIONS OF RESPONSIBILITY

- NSS Member, RTC Institute of Technology** - Participate in community outreach and social responsibility initiatives
- Cultural Ambassador** - Organized and executed college cultural events fostering community engagement

INTERESTS

Chess | Sketching | Creative Writing
